FOREWORD

Meetings of Young Chemical Engineers bring together young chemical engineers, colleagues from related fields and students, and provide them with an opportunity to exchange ideas, results, and experiences gained in industry, academia, institutes, and other institutions. This scientific and professional meeting has been organized for over twenty years by the Croatian Society of Chemical Engineers and the University of Zagreb Faculty of Chemical Engineering and Technology.

The XVI Meeting of Young Chemical Engineers will be held on the 19th and 20th February 2026 at the Faculty of Chemical Engineering and Technology in Zagreb.

On behalf of the Scientific and Organizing Committee, it is my pleasure to invite young chemical engineers and colleagues from related fields to participate in the conference activities and to present the results of their work in a form of an oral or poster presentation.

Chair of the Scientific and Organizing Committee
Assist. Prof. Anita Šalić
